**Subject:** Portland Harbor Visualization Specialist

Hi Tom,

I phoned you Monday and left a message regarding my interest in working as a Portland Harbor visual communication specialist in some capacity.

I am new to the Portland area and trying to connect to meaningful projects. I know budgets are thin for such work but this is the work I do so I keep at it.

If I can be of service producing video, web content and presentation animations, please call me.

Thank you.

Todd Trigsted.

My website: <http://www.ttstrategicmedia.com> Most of these links below can found in the Recent Video section (lower left) of my website.

These movies profile a new EPA ecosystem management protocol that was piloted at a South Carolina Superfund site with PCB sediment contamination. Please note the video list is scrollable.

This collection of videos profiles the EPA NRMRL Mine Waste Technology Program's successful mine waste cleanup and control technologies. My goal was to simplify the technical information so Congressmen could quickly understand the technical information so the program could get additional funding. I produced all video, audio, music and animations. Please look at Projects 3,16, 30, 38.

### **Documentary Movies:**

Documentary short about a Supreme Court case about crosses and their symbolic meaning at veteran memorials.

<http://www.ttstrategicmedia.com/IndexALCross.htm>

Documentary on 100 years of choral music at Oregon State University. I co-wrote the script and did all of the audio and visual work.

<http://www.ttstrategicmedia.com/Choral.htm>

A documentary about the high cost of health care and why it isn't working.
